PROFESSIONAL SUMMARY

Computer Science graduate with a strong foundation in Python programming, Object-Oriented Programming, SQL, data processing, and software development concepts. Experienced in developing Python-based programs, performing data analysis, debugging code, and working with Git for version control. Familiar with Data Structures & Algorithms, REST APIs, SDLC, Artificial Intelligence, Generative AI, and data analytics. Strong analytical and problem-solving skills with the ability to collaborate with teams, document technical work, and learn emerging technologies.

EDUCATION

ST Ann's College of Engineering and Technology, Chirala B.Tech in Computer Science and Engineering — CGPA: 8.5	2022–2026
Sri Chaitanya Junior College, Bapatla Intermediate (MPC) — Percentage: 83%	2020–2022
Bhashyam High School, Bapatla 10th Standard — Percentage: 98%	2019–2020

Technical Skills

Programming Languages	: Python, SQL, DAX
Web Technologies	: REST APIs
Software Development	: SDLC, Debugging, Testing, Troubleshooting, Code Reviews
Data & AI	: AI, Data Processing, Data Analytics, Generative AI
Visualization & BI	: Power BI, Power Query, Excel, Matplotlib, Seaborn
Libraries	: Pandas, NumPy
Databases	: MySQL, SQL Server
Tools	: Jupyter Notebook, Git, VS Code
Soft Skills	: Analytical Skills, Problem Solving, Communication, Teamwork

PROJECTS

Customer Analysis Dashboard	<i>Python, SQL & Power BI</i>
- Developed a data-driven analytics solution using Python and SQL to process customer data and generate actionable business insights. - Applied Python for data cleaning, transformation, validation, and analysis to prepare structured datasets for reporting. 🐙 GitHub Repository	

Employee Attrition Analysis Dashboard	<i>Python, SQL, Power BI</i>
- Developed an analytics solution using Python and SQL to process employee data and identify factors influencing employee attrition. - Performed data cleaning, transformation, validation, and SQL-based analysis to generate reliable analytical results. 🐙 GitHub Repository	

INTERNSHIP

SaiKet Systems — <i>Power BI Developer Intern</i> — July 2025 – August 2025
Developed an interactive Customer Churn Analysis Dashboard using Power BI, Power Query, and DAX to process customer data and analyze retention trends.
SyntecxHub — <i>Power BI Developer Intern</i> — February 2026 – March 2026
Developed a comprehensive Power BI dashboard to process movie sales data, track key performance indicators (KPIs), and analyze revenue trends.

CERTIFICATIONS

- Python Programming certificate - [Codetantra]
- Generative AI certificate - [Oracle]
- Power BI Data Analyst Associate certificate - [Microsoft]
- Advanced SQL certificate - [Great Learning]
- Agent Force Specialist Certificate - [Salesforce]
- Power BI Workshop certificate - [Office Master]
