CAREER OBJECTIVE

Aspiring Data Analyst with expertise in Python, SQL, Power BI, Excel, and data visualization. Skilled in data cleaning, exploratory data analysis (EDA), dashboard development, statistical analysis, and business intelligence reporting. Proficient in transforming complex datasets into actionable insights to support data-driven decision-making. Seeking an entry-level Data Analyst role to leverage analytical skills and contribute to organizational growth.

EDUCATION

ST Ann's College of Engineering and Technology, Chirala 2022–2026
B.Tech in Computer Science and Engineering — CGPA: 8.4

Sri Chaitanya Junior College, Bapatla 2020–2022
Intermediate (MPC) — Percentage: 82%

Bhashyam High School, Bapatla 2019–2020
10th Standard — Percentage: 98%

TECHNICAL SKILLS

Programming Languages : Python, SQL
Data Analysis : Data Cleaning, Exploratory Data Analysis (EDA), Statistical Analysis, Data Transformation, Data Modeling
Visualization & BI : Power BI, DAX, Power Query, Excel, Matplotlib, Seaborn
Libraries : Pandas, NumPy
Databases : MySQL, SQL Server
Tools : Power BI, Excel, Jupyter Notebook, Git, VS Code

PROJECTS

Customer Analysis Dashboard *Python, SQL & Power BI*

- Constructed an interactive business performance dashboard with Python, SQL, and Power BI, driving data-informed strategies and enhancing operational efficiency by 25

🐙 [GitHub Repository](#)

Employee Attrition Analysis Dashboard *SQL, Python, Power BI*

- Designed an HR analytics dashboard to identify employee attrition patterns and workforce trends through data cleaning, SQL-based analysis, and Power BI visualization. Analyzed factors such as department, job role, overtime, salary, and job satisfaction to support data-driven retention strategies.

INTERNSHIP

Make Skilled – Data & Development Intern — May 2025 – July 2025

- Developed the core data processing logic for a Budget Management System using Python.
- Designed features to accurately track financial metrics, organize income/expense categories, and manage user data efficiently.

Datavalley India Pvt. Ltd – Full Stack Development Intern — Dec 2025 – Mar 2026

- Developed and maintained Python-based full stack web applications with backend integration.
- Worked on database management, debugging, and implementing real-time project functionalities efficiently.

CERTIFICATIONS

- Python Programming (Codetantra)
- PowerBi Workshop (Office Master)
- Agent Force Specialist Certificate (Salesforce)
- Full Stack Web Development Certificate (MakeSkilled)
- Internet of Things Certificate (NPTEL)

ACHIEVEMENTS

- Presented a Technical PPT at SLA on Awareness On Social Media
- Active Member of Cruisers Elite Event
